PLAN EL PASO DESIGNATION: O6 Potential Annexation & O5 Remote

NEIGHBORHOOD ASSOCIATIONS: None

General Information:

The applicant is requesting an annexation of a portion of El Paso County right-of-way and other privately-owned land in the County. The subject properties total 1.59 acres in size and are currently unimproved. The annexation is being requested to accommodate redesigns in three proposed roundabouts and to provide space for on-street parking as part of future development within the abutting Tierra Del Este Phase III Land Study. The subject property will be zoned the default R-F (Ranch-Farm) at the time of annexation.

Staff Recommendation:

The Development Coordinating Committee (DCC) recommends **approval** of this annexation request along with the Annexation Agreement.

(Resolution and Annexation Agreement – See Attachment 7)

The recommendation is based on the following:

Plan El Paso O-6 Potential Annexation: Potentially developable land that is not needed for urban expansion at this time but is available if expansion is needed. Land can be redesignated from O-6 to a growth sector through a formal amendment to the Future Land Use Map.

Plan El Paso O-5 Remote: Remote land in the desert and mountains. Except where vested rights are in place, City regulations and policy decisions should not encourage urban development during this planning period, which extends until 2030. It is not known at this time whether O-5 land will be needed for development further in the future.

Findings:

The Commission must determine the following:

1. Will the annexation protect the best interest, health, safety and welfare of the public in general?
2. What is the relation of the proposed change to the city's Comprehensive Plan?
3. What effect will the annexation have upon the natural environment social and economic conditions and property values in the vicinity and in the City as a whole?

Any future conveyance of the Property shall contain the restrictions, conditions and covenants and shall embody this Agreement by express reference; provided, however, this Agreement shall not be binding on, and shall not create any encumbrance to title as to, any end-buyer of a fully developed and improved lot within the Property, except for land-use regulations that may apply to a specific lot.
